

# FOOD SHORTAGE IN ALBERTA FOR GERMANY

## BERLIN TRYING TO SADDLE ALL BLAME ON TO THE FRENCH

**Declares Passive Resistance Can Only Be Carried on by Peaceful Lines if the Resisting Population Is Well Fed—Next Seven Weeks Will Decide**

BERLIN, Aug. 9.—(Passive resistance in the Ruhr and the Rhineland, which Chancellor Cuno yesterday informed the Reichstag would be continued until France decided to create an atmosphere conducive to negotiations on an equality basis, is now approaching the stage where its further maintenance along peaceful lines will depend wholly on the government's ability to keep the resisting population well fed.

The falling mark, curtailment of local food supplies due to natural shortage and the interrupted rail facilities, and also the punitive measures which increasingly are being imposed by the French, now rapidly are contributing to the growing irritation and restlessness among the miners, steel workers and civil service employees.

That the French authorities are determined to break down all resistance along the entire front and will not over-surrender in their efforts to accomplish this end is viewed here as an impending certainty and the fore-shadowing a reality of the ramifications of war on the far beyond in advance.

**Resisting system**  
The shortage of food has suggested to the government the eventual necessity of inaugurating a rationing system in the Ruhr of assisting the task of feeding the miners and steel workers and their families in order to keep resistance alive.

The minimum number of families the government would have to feed would be 1,000,000. It is estimated that a task which it is believed it would require to carry out the rationing of the present condition of the Ruhr is the equivalent of the present condition of the Ruhr.

The next seven weeks will decide the fate of passive resistance in the Ruhr. The French government has admitted that the situation in the Ruhr is becoming desperate and that it is necessary to carry on in the winter if no solution is reached previously.

## Coal Strike August 20th

**Mines Working Full Time—Attack on Edmonton-Clover Bar**

The Edmonton-Clover Bar group of coal mines are working every day, and report a fair demand for coal. The miners at work, are members of the Edmonton and district miners' association and have signed a contract for the season with the operation association.

There is no question at issue between the miners and operators. The condition is not to be allowed to continue if the U. M. W. A. can prevent it. The following is a copy of a notice that has been posted by the U. M. W. A. of all orders in a strike and no could use the same means as were taken last year to stop the miners from working.

**Ferguson Hoping To Get Low Rate For Alberta Coal**

TORONTO, Aug. 9.—Premier Ferguson is hopeful for a still lower rate on the transportation of Alberta coal into Ontario, when he has assembled a committee to study the problem.

He is now preparing what he expects to be a very substantial business deal to come up with the "business" men in the future for the Canadian National railway.

"I am hopeful," he said, "that I will be able to persuade the National railway to reduce the rate on Alberta coal to a level which will be a fair one for the province."

## Pantages

**BEST SHOW OF SEASON**  
The Pantages theatre is this week offering a splendid bill that will take a lot of beating. There are in high class acts on the program and without exception every one is a decided winner. The entertainment is of a varied nature, suitable for the summer months, and the programme is certainly living up to the name of the theatre. The crowds have been coming up at every performance, and the reservations have been made for the remainder of the season. Patrons are advised to get their tickets at once for the first night, as every indication points to a standing room only.

George Caron and the talented comedians occupy the headline spot, presenting a musical revue. The comedy is of the highest quality, and the musical numbers are of the best. The entire evening is a continuous string of amusement. The musical numbers are of the best, and the comedy is of the highest quality. The entire evening is a continuous string of amusement.

More Grant Gardner, the Western comedian, has the city laughing with his monologues. More Gardner is a born entertainer, and his keen wit keeps the night at every performance. Another featured attraction is that of Harry Sullivan and Ruth Meyer, who in the comedy "The Auto Know Better" demonstrate the difficulties of driving in a car that has no many hard corners and no winter.

## Elephant Takes Bath Every Time He Drinks

Elephants are funny animals. Every time they take a drink they take a bath along with it. They take the end of their long trunk in a tank. Then they use the tip of their trunk to splash water over their backs and heads. On hot days they throw water over their heads. They also use the trunk to splash water over their heads. They also use the trunk to splash water over their heads.

## The Searchlight

THE mariner stands on the bridge of his ship, peering into the dark. Suddenly the flaming finger of a searchlight flashes out. The surrounding waters become bright as day. The course is clear.

Advertising is analogous to the searchlight. It throws its broad beams across the pages of this paper, pointing out with shining clearness just where to go for what you want, and how much you will have to pay.

In the advertising columns you can find the wares of every progressive merchant in town. You can read the offerings, compare the values, check up the statements with your previous shopping experience, and then make your selections. There's no wasted time, no needless footwork, no inconvenience.

The mariner wisely follows the searchlight. You can just as wisely follow the advertisements. They are here for your guidance. They lead you through the broad, straight channel of safety, security and satisfaction.

### Rugby Clubs Lining Up for Brooks Cup; University To Enter

Committee Appointed to Secure Grounds—University May Enter Club—Referee's Association Formed for the Season

A group of enthusiasts attended the semi-annual meeting of the British Rugby Union held in the Y.M.C.A. last night. Representatives of four clubs—Edmonton, Wex, Harlequins and Canadian National—were out. And all were enthusiastic about the outlook for the coming season.

So much talk about the bright prospects of the various clubs broke out on all sides that H. C. Hardy, in the chair, had difficulty at times in directing the energies along the line of union problems. However, the union appointed a committee to secure grounds and fix play nights, formed a referee's association, dealt with plans for the Brooks cup competition, received a report about the Vancouver series and left it to the executive to arrange a season schedule.

Dates recently wired to Vancouver for a suggested series of games were not proving suitable, further suggestions are on the way, the hope of getting dates near the end of September. Their program is to play on way visiting in Winnipeg and may be in Edmonton within a few days on his way home. He hopes to take up the matter personally and make final arrangements then.

No exhibition games will be played to open the season this fall, as was the case last spring. With the Vancouver series in prospect, however, this decision may be changed by the executive. And it is just possible that a game or two may be arranged in September.

Approve Schedule for regular season was left to the executive committee. A draft of a schedule presented by drawn up by Winnipeg, although not presented formally at the meeting, seemed to meet with general approval and it will be gone into in detail by the executive. It provides for a game in the season, a final game between the winners and the losers, and a game to follow the late entrance of variety in October.

Questions as to the outlook for a variety club brought Thompson to his feet with the information that, though last season had secured at least six or seven players, this year there were many more who were considered, and it was hoped that the team would be complete by the time the season opened.

May Be Late There is little doubt but a strong team will be ready, although the season will be a struggle.

### JAP WINS FROM J. B. HAWKES IN TENNIS MATCH

J. O. Anderson of Australia Defeats Fukuda in Speedy Game

CHICAGO, Aug. 9.—Australia and Japan played honors in the final round of the American zone tennis play today when J. O. Anderson, captain of the American team, defeated Fukuda, while Shimada, vice of the Japanese, triumphed over J. B. Hawkes, the American player. The Australian triumphed over the Japanese 6-3, 6-4, 6-4.

Good Start Hawkes started strong by winning the first four games, but the international fans, however, were a fast weaving overhead stroke, and he was losing the match. Anderson, responsible for his early victories, Shimada displayed the best of his career in winning the last two sets.

Anderson made good work in the second set, winning by a score of 6-3. Shimada, however, showed his prowess by winning the third set, 6-4. The Australian's game was not as good as in the first set, but he was able to win the match by a score of 6-3, 6-4, 6-4.
